# Crocheting for a good cause

## Preemie Octopus Project

A well-known social crochet initiative is the Oktopus für Frühchen Deutschland gemeinnützige GmbH preemie octopus project. Volunteers crochet small octopuses that are donated to neonatal intensive care units (NICUs) for premature babies. The organization provides an official crochet pattern and safety guidelines that must be followed.

# Cute Features

Add small extras like embroidered eyes, noses, or safety eyes to give your crochet animals personality and charm. Always make sure they are safe for children.
