

Borrow our Iron

You can **borrow our iron** at the front desk from the **Library of Things** in the library. Together with the ironing board in the TextilLab, you can use it to press your fabrics.

Tip: Well pressed is half sewn. ☐☐

The iron can also be used to apply fusible interfacing (Vlieseline) to fabric. For example, this is useful for jersey fabrics when you want to embroider them, as the interfacing stabilizes the

puckering during stitching
